I never thought two of the things I love to do can be done in a very convenient way. I'm talking about shopping while traveling. I recently discovered Philippine Airlines' Sky Boutique and the convenience of not just shopping while you're on board to your chosen destination but also even before your fly out. Awesome, right?

One thing I love about flying Philippine Airlines is that I get to shop at Sky Boutique. Aside from the inflight entertainment, I look forward to browsing through Sky Boutique's catalogue to calm down my nerves. Shopping in the sky is one way to ease my anxiety while traveling. And it's also very convenient for someone like me who loves to give pasalubong to friends and family.

Did you know that you can pre-order online? Yes! If you want to relax and sleep through your flight, you can go shopping 3 days prior through boutique.philippineairlines.com. You'll be required to enter pertinent details of your international flight. Browse, add to cart, and have it delivered. You'll conveniently get your items from a cabin crew through inflight delivery. Super convenient right?

I'll share more on how that's possible as you read along this article but first let me show you what I got.

---

**1. BVLGARI MAN WOOD ESSENCE**

@bulgari_parfums
#CITIZENOFNATURE

I think Duty Free is really known for spirits and cosmetics. Perfume being one of their best sellers, I got my husband a bottle particularly Bulgarian Men Wood Essence because he loves wearing perfume and I know this would be a perfect addition to his collection.

It has that distinct Bulgarian scent perfect for modern men. I love how the scent is unique yet isn't too overpowering. Great for daily use!

---

**2. LACOSTE TOTE**

@lacoste
#lacoste

I got a Lacoste bag which now serves as my everyday bag. I remember checking out the store but couldn't find this exact color and size. Thankfully it's available at the Sky Boutique. I remember having a Lacoste drawstring bag back in college. It survived some of my busiest days as a student carrying my notebooks, school projects and the like. I remember how sturdy it was and so I figured I'd get one to serve as my everyday bag. Now that I'm a mom, I need a bag that I can stuff my essentials without having to worry if it can withstand daily use. Which is why I got this Lacoste tote bag. I can easily carry it during school drop offs, while I run errands and even when I go to a meeting. Plus, I love the pop of color! The red instantly compliments my usual monochrome outfits.
One of the amazing finds I got at Sky Boutique is this aromatherapy set that lets me feel relaxed and revived (depending on which roller ball I use). Ever since I got this, it has been a staple in my bag especially when I travel. You see I’m a nervous flyer which means I get very anxious while up in the air.

Whether you’re a seasoned traveler or someone who has a full day at work, these roll-on oils can be very useful. As we all know, aromatherapy has a lot of benefits, it can relieve stress, can increase mental alertness, alleviate headaches, and even enhance the immune system. Aromatherapy Associates Revive Morning can help boost your energy level. Simply apply it on your pulse points (temples, wrists, neck) in the morning after you shower and when you’ve had a long day and you’re ready to rest, use Aromatherapy Associates Deep Relax to help you relax and de-stress. Again, just apply it on your pulse points (chest, inner elbow, ankles). I find it works on me after a long day running around like a headless chicken finishing errands, chores, blogging, and taking care of my little family.

Nina Ricci Les Belles
De Nina Mini Trio Set
@ninaricciparfums
#BellesdeNina

Of course, I also got myself a set of Nina Ricci perfumes. These Les Belles de Nina EDT 20ml minis are perfect since I switch my perfumes depending on my mood and is a great size for travelling.

Mini Nina, Mini Luna and Mini Luna Blossom! They are fresh, light and definitely smell good! No matter what I choose, they all put me in a happy disposition after a spritz or two because of their fruity and floral notes.

Current perfume of choice: the Mini Nina.

4711 Acqua Colonia Set
@4711
#4711 #houseof4711 #acquacolonia

I found the Acqua Colonia Scent at Sky Boutique! This brought me so much memories during the time I grew up. I see it on my mom’s and aunties’ vanity and have always taken a whiff of its scent!

Did I mention that if you’re a Mabuhay Miles member, you get to earn points when you shop at Sky Boutique? Yes! Each item has corresponding miles. Aside from flying with Philippine Airlines, you also get to earn miles when you shop at boutique.philippineairlines.com.

So happy with my Sky Boutique finds! Not only do they offer fragrances and travel essential items, they also have a bunch of great finds from watches, accessories, health & beauty, as well as electronics. Enjoy a convenient and hassle-free way of shopping in the sky with Philippine Airlines Sky Boutique.

PAL Boutique is your one-stop shop for Philippine Airlines Exclusive merchandise. Duty-Free and travel necessities wherever you may be.

A FRAGRANCE FROM COLOGNE, A GLOBAL BRAND

A unique brand with a great history

In 1792, a house in Cologne's Glockengasse became the home of company founder Wilhelm Muelhens — and the birthplace of 4711. Legend has it that Muelhens got the recipe for an 'aqua mirabilis' from a Carthusian monk, and shortly afterwards opened a perfume factory in the Glockengasse, from where he started selling his eau de cologne to the world.

When the French occupied the city in 1794, they gave each house a distinct number to make it easier for them to find their way around. To distinguish the Glockengasse aqua mirabilis from rival products, Muelhens used the memorable house number of 4711 for his 'eau de Cologne', as the French started calling this popular souvenir.

House of 4711 – the creation of scent

The iconic house in Cologne's Glockengasse continues to attract visitors from around the world. Many come to see the sights of the area, such as the historic glockenspiel that gives the Glockengasse its name. Chiming on every hour, it plays tunes such as La Marseillaise, the German folk song Der Treue Husar and a third piece that changes with the season.
